A First Book of Practical Mathematics (Classic Reprint) T S Usherwood

Excerpt from A First Book of Practical Mathematics

IN preparing this introduction to Practical Mathematics, the authors have dealt only with those parts of the subject which seem to them to be of real value in practical work. They desire to thank Prof. R. A. Gregory and Mr. A. T. Simmons for valuable assistance given them during the preparation of the book and its passage through the press. Acknowledgments are also due to the Union of Lancashire and Cheshire Institutes the Midland Counties Union of Educational the Board of Education London University the Civil Service Commissioners and other authorities, who have kindly permitted the use of questions from their examination papers.

About the Publisher

Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com

This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
