Cold Songs Dometa Brothers

A poetry collection on the harsh and beautiful northern Midwestern environment and the sturdily pragmatic, yet bizarrely idealistic people, it produces. However, it is not only this. 'Cold Songs' is about the permeability of the human soul how we bleed into the world and other people and how the environment and the divine and other humans seep into us. Mysticism starts in our recognition of the world around us. It's in the moonlight, the songbird, and the black river; it's in the mathematics of petals, orbits, and tree branches. This way of experiencing ourselves in the universe is about far more than anthropomorphizing or idolizing the landscape. There is a simultaneous struggle both to connect and individuate in the hearts and minds of humanity. A longing for that power and a great fear and respect, as well.
