Reichsrock: The International Web of White-Power and Neo-Nazi Hate Music Kirsten Dyck

From rap to folk to punk, music has often sought to shape its listeners' political views, uniting them as a global community and inspiring them to take action. Yet the rallying potential of music can also be harnessed for sinister ends. As this groundbreaking new book reveals, white-power music has served as a key recruiting tool for neo-Nazi and racist hate groups worldwide.

Reichsrock shines a light on the international white-power music industry, the fandoms it has spawned, and the virulently racist beliefs it perpetuates. Kirsten Dyck not only investigates how white-power bands and their fans have used the internet to spread their message globally, but also considers how distinctly local white-power scenes have emerged in Western Europe, Eastern Europe, Latin America, the United States, and many other sites. While exploring how white-power bands draw from a common well of nationalist, racist, and neo-Nazi ideologies, the book thus also illuminates how white-power musicians adapt their music to different locations, many of which have their own terms for defining whiteness and racial otherness.

Closely tracking the online presence of white-power musicians and their fans, Dyck analyzes the virtual forums and media they use to articulate their hateful rhetoric. This book also demonstrates how this fandom has sparked spectacular violence in the real world, from bombings to mass shootings. *Reichsrock* thus sounds an urgent message about a global menace.
