Jeff Stewart

Rhythmic Kinesthetics presents a series of games and activities incorporating music, movement, and motor skills that help express emotions, build concentration, and sharpen sensory awareness. A wonderful tool for individuals, educators, community facilitators, and social workers, this curriculum provides an environment for people of all ages, cultures, and abilities to participate, where they will apply and develop their music skills through a hands-on approach. The book features a variety of creative movement and social/communication activities integrated with music to introduce and foster musical skills in a creative setting. Rhythmic Kinesthetics provides diverse forms of world music-based compositions, drum circle games, and activities using a wide variety of percussion-based instruments including Boomwhackers, world drums, sound shapes/frame drums, Orff instruments, and body percussion. An instructional DVD showcasing both school and community performances is included with the book, which is 100% reproducible.
