Double Digit

Annabel Monaghan

Double Digit Annabel Monaghan

To say eighteen-year-old Farrah Higgins—or Digit—is good at math is a laughable understatement. She’s been cracking codes since childhood, and is finally at home with “her people” at MIT in Cambridge. Her talents are so off the charts that her laptop is under surveillance by both the CIA and an ecoterrorist named Jonas Furnis. So when she thoughtlessly hacks into the Department of Defense’s database, she lands in serious hot water inside and outside the law. Readers will be sad to turn the last page of this suspenseful, sassy, super smart thriller, the sequel to *A Girl Named Digit*.

From reader reviews:

Linda Enders:

The knowledge that you get from Double Digit is a more deep you rooting the information that hide inside the words the more you get enthusiastic about reading it. It does not mean that this book is hard to understand but Double Digit giving you buzz feeling of reading. The article author conveys their point in a number of way that can be understood through anyone who read it because the author of this reserve is well-known enough. This particular book also makes your own personal vocabulary increase well. Making it easy to understand then can go along with you, both in printed or e-book style are available. We recommend you for having this Double Digit instantly.

Marvin Gamez:

A lot of people always spent all their free time to vacation or even go to the outside with them loved ones or their friend. Do you realize? Many a lot of people spent they free time just watching TV, as well as playing video games all day long. If you need to try to find a new activity that is look different you can read any book. It is really fun for you. If you enjoy the book that you just read you can spent the whole day to reading a reserve. The book Double Digit it is quite good to read. There are a lot of individuals who recommended this book. These were enjoying reading this book. In case you did not have enough space bringing this book you can buy the particular e-book. You can m0ore quickly to read this book from a smart phone. The price is not too expensive but this book possesses high quality.

Christopher Morton:

This Double Digit is great publication for you because the content that is certainly full of information for you who also always deal with world and still have to make decision every minute. That book reveal it facts accurately using great plan word or we can state no rambling sentences included. So if you are read that hurriedly you can have whole facts in it. Doesn't mean it only provides you with straight forward sentences but hard core information with wonderful delivering sentences. Having Double Digit in your hand like obtaining the world in your arm, information in it is not ridiculous a single. We can say that no reserve that offer you world with ten or fifteen second right but this guide already do that. So , this really is good reading book. Hello Mr. and Mrs. occupied do you still doubt that?

Elizabeth Pipkin:

Don't be worry if you are afraid that this book will certainly filled the space in your house, you might have it in e-book technique, more simple and reachable. That Double Digit can give you a lot of close friends because by you taking a look at this one book you have point that they don't and make an individual more like an interesting person. This kind of book can be one of a step for you to get success. This e-book offer you information that perhaps your friend doesn't understand, by knowing more than other make you to be great people. So , why hesitate? Let me have Double Digit.
