Live Fast, Die Young: A novella Vanessa Barneveld

Molly Corbett can't stand seeing her childhood pal Alex Gibson destroy himself. He's gone from straight-A student to rebel without a cause. With so much at stake, some serious interference is called for—or at least Micromanaging Molly thinks so. Alex needs to get back on the path to the Ivy League. But the harder Molly pushes Alex, the harder he pushes back. Alex has a secret. Well, two secrets. Number one: He has terminal melanoma. With six months to live, Alex hasn't got a second to waste. And hanging around hospitals when his friends think he's cutting school definitely counts as wasted time. Instead, he's going to drop out, surf, drive fast cars...and finally put secret number two out there. He's in love with Molly and he's going to tell her before it's too late.
