The Afterlives of Roland Barthes

Neil Badmington

The Afterlives of Roland Barthes Neil Badmington

Roland Barthes – the author of such enduringly influential works as *Mythologies* and *Camera Lucida* - was one of the most important cultural critics of the post-war era. Since his death in 1980, new writings have continued to be discovered and published. *The Afterlives of Roland Barthes* is the first book to revisit and reassess Barthes' thought in light of these posthumously published writings. Covering work such as Barthes' *Mourning Diary*, the notes for his projected *Vita Nova* and many writings yet to be translated into English, Neil Badmington reveals a very different Barthes of today than the figure familiar from the writings published in his lifetime.
