Exploring Space, Grades 1-3 (Scienceworks for Kids series)

Jo Ellen Moore

Exploring Space, Grades 1-3 (Scienceworks for Kids series) Jo Ellen Moore

Exploring Space covers these concepts: Earth is part of a solar system in the Milky Way galaxy, stars are huge balls of hot, glowing gases, our sun is a star, groups of stars seen together are called constellations, each planet in our solar system has unique characteristics, Earth has one satellite called the moon, Earth's movements through space cause day and night and the seasons, and scientists study space in many ways. A variety of engaging activities present the concepts in ways that students can understand. Each concept presented includes: teacher directions for lessons and reproducible resource pages such as sets of picture cards, minibooks, and lab sheets to record the results of hands-on investigations.
