# German Law of Torts: A Comparative Treatise - Fouth Edition

*Basil S. Markesinis, Hannes Unberath*

**German Law of Torts: A Comparative Treatise - Fouth Edition** Basil S. Markesinis, Hannes Unberath  
Since its first appearance in 1986 this book has won uniform praise from many of the world's leading comparatists, has been acclaimed by senior judges, and has been cited by the courts of many countries. This new edition of the work, substantially rewritten and systematically updated, contains over 150 leading judgments, most translated in their entirety, along with references to over 2,000 other decisions from Germany and the common law world. While the book remains an ideal tool for teaching comparative torts and comparative methodology, the fact that it has been extensively rewritten and enlarged now also makes it an indispensable source of inspiration for those with a professional interest in tort litigation and tort reform. Topics discussed include economic loss, psychiatric injury, wrongful birth, life and sterilization cases, products liability, traffic accidents, accidents at work, environmental liability and compensation for personal injuries and death.
