Electric and Hybrid Cars: A History

Curtis D. Anderson, Judy Anderson

Electric and Hybrid Cars: A History Curtis D. Anderson, Judy Anderson

This illustrated history chronicles electric and hybrid cars from the late 19th century to today's fuel cell and plug-in automobiles. It describes the politics, technology, marketing strategies, and environmental issues that have impacted electric and hybrid cars' research and development. The important marketing shift from a "woman's car" to "going green" is discussed. Milestone projects and technologies such as early batteries, hydrogen and bio-mass fuel cells, the upsurge of hybrid vehicles, and the various regulations and market forces that have shaped the industry are also covered.

From reader reviews:

Roger Dupre:

The book Electric and Hybrid Cars: A History can give more knowledge and information about everything you want. Why then must we leave the best thing like a book Electric and Hybrid Cars: A History? A number of you have a different opinion about reserve. But one aim this book can give many info for us. It is absolutely suitable. Right now, try to closer along with your book. Knowledge or details that you take for that, it is possible to give for each other; it is possible to share all of these. Book Electric and Hybrid Cars: A History has simple shape however, you know: it has great and massive function for you. You can appearance the enormous world by open and read a book. So it is very wonderful.

Patricia Diaz:

Playing with family within a park, coming to see the water world or hanging out with close friends is thing that usually you might have done when you have spare time, in that case why you don't try issue that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you are ride on and with addition of knowledge. Even you love Electric and Hybrid Cars: A History, you are able to enjoy both. It is excellent combination right, you still wish to miss it? What kind of hang type is it? Oh can happen its mind hangout guys. What? Still don't buy it, oh come on its called reading friends.

Kristen Self:

Do you one of the book lovers? If so, do you ever feeling doubt when you are in the book store? Make an effort to pick one book that you never know the inside because don't ascertain book by its cover may doesn't work the following is difficult job because you are afraid that the inside maybe not seeing that fantastic as in the outside search likes. Maybe you answer could be Electric and Hybrid Cars: A History why because the fantastic cover that make you consider in regards to the content will not disappoint you. The inside or content is definitely fantastic as the outside or perhaps cover. Your reading sixth sense will directly make suggestions to pick up this book.

Eugene Hughes:

As a college student exactly feel bored to reading. If their teacher inquired them to go to the library in order to make summary for some guide, they are complained. Just little students that has reading's spirit or real their pastime. They just do what the trainer want, like asked to go to the library. They go to right now there but nothing reading seriously. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country. Therefore , this Electric and Hybrid Cars: A History can make you really feel more interested to read.
