These days there are so many options for artist to market themselves. We are not longer tied to the agent or gallery as the only options. Take control of your work for the where, who, when and how like never before. Just an hour a day can yeild you more results for sales! That is what we all want? We want to make a living from the passion that we hold. We want to share with the world the vision. We don't want someone telling us to get a 9 to 5. We don't want others taking control of our ability. Daily Art Marketing Journal is a way to grab our business to take the heights where we want. It is divided into sections: Merchandising Sites, Social Media Sites, Commission Sites, Local Market Sites, and Take it to the Street. At the introduction of the sections are suggestions of places to go and options for han- dling the situation. Building a successful art business does not have to be stressful. Once you have some knowledge of how to get some passive income, original sales, commis- sions and get noticed much of your dreams can come true."
