Ultimate Computer Security Survey

James L Schaub, Ken D Biery CPP

Ultimate Computer Security Survey James L Schaub, Ken D Biery CPP

This valuable tool for the security manager will assist in tailoring surveys specifically for computer security. The Ultimate Computer Security Survey will allow security managers to take one of the most time-consuming and difficult areas of security -vulnerability assessment- and make it manageable. This bank of questions provides all the information needed to design numerous surveys for computer and data security. It takes into account that every facility and location, as well as the corporate complexion of every business, is distinctly different. The questions in this survey are all on a disk, which accompanies the book eliminating the need to retype anything, and saving valuable time.

The only survey of its kind for computer security professionals.

A bank of the questions needed to design your own computer security surveys.

A perfect guide for vulnerability assessment.
