Coins have not changed much throughout antiquity. Yes, they are made from different, more durable materials now, but they are still etched with depictions of their civilization, whether that means the profile of George Washington or the profile of Emperor Nero or the profile of a lion, the symbol of ancient Babylon. Following the course of time from Abraham to the Crusaders, Ancient Coins through the Bible chronicles the history of various locations mentioned throughout the Bible and presents photographs of ancient coins minted in these cities. Though we cannot see those ancient civilizations or the way they lived, these tangible bits of the past speak abundantly about them. As you view these fragments of history, imagine you are traveling with Abraham to Canaan and Paul to Spain. Experience the biblical stories visually through the coins depicted instead of simply reading them, and better understand the lessons taught by God's Word.
