The New Revelation: The Annotated, Exposed and Debunked Edition Arthur Conan Doyle

The New Revelation was Sir Arthur Conan Doyle's declaration of a ascendant Spiritualist awakening. Doyle firmly believed that the dead were able to communicate with the living, and set forth his reasons in this little 1918 volume. That the Spiritualist revolution Doyle predicted has failed to happen is obvious. In this extensively annotated edition, editor J.T. McDaniel comments at length (between the notes and the Afterword, there is more new material than original) as to why this is the case, and just where Doyle was wrong. The Afterword elaborates, suggesting reasons why it would be best to abandon the idea of an afterlife, and why psychics are really just entertainers with no actual powers.
