Law of the Sea (The Library of Essays in International Law)

This series brings together the most significant published journal articles in international law as determined by the editors of each volume in the series. The proliferation of law, specialist journals, the increase in international materials and the use of the internet has meant that it is increasingly difficult for students and legal scholars to have access to all the relevant articles. Many valuable older articles are unable to be obtained readily. In addition each volume contains an informative introduction which provides an overview of the subject matter and justification of why the articles were collected. This series contains collections of articles in a manner that is of use for both teaching and research.
