The Magistrate's Tael: Rationalizing Fiscal Reform in Eighteenth Century Ch'ing China Madeleine Zelin

Madeleine Zelin shatters the image of China as a backward empire wracked by corruption and economic stagnation, thrust into the modern world when the western gunboats arrived in the 1840s, by providing an account of the indigenous evolution of the Chinese state. *The Magistrate's Tael* makes it possible to judge the impact of the West on modern China's development.
