Let me be plain. All are given the opportunity to be obedient to God. They must either choose to step out in faith or choose to make their own plans and beg Him to bless them anyway. There is some peril involved in stepping out in faith. You will be hunted by the most vile, desperate creatures in existence. Even now you are being followed more intently and attacks are being plotted as you consider your choice. Before her meeting with a mysterious stranger, Mina Bennett thought her life was normal. Her biggest problems were things like making it to campus on time and navigating the troublesome line between best friend and boyfriend with her classmate Peter. When eerie things start happening, her life gets much more complicated after she is visited by an angel who tells her that an invisible but very real war is happening all around her. The scariest part is her very soul is at stake. We all have a choice to make, but what if that choice changed the course of your whole life? Would you choose to live a sheltered existence or would you choose to fight in a war you never even knew existed? Mina is faced with such a choice, and she will never be the same again. In this battle of spiritual warfare, she must learn literally to put on the whole armor of God and fight demons. Her trials culminate in facing a larger-than-life threat, but with a little help, she comes to realize that the victory is already won. Believe will take you on a fast-paced journey that will question where you stand spiritually. At the end, like Mina, you will be faced with a choice. What will your decision be?
