Morning Glory Diary of an Alien Abductee Gloria Ann Hawker

Morning Glory is a dynamic, true-life account of alien abduction written by a 57 year old woman. Gloria Ann Hawker lived most of her life believing that extraterrestrial life did not exist. Her bizarre and extraordinary experiences with the aliens began on the night of September 20, 1988. Gloria and two of her children witnessed an event that would turn their lives upside down and inside-out forever. That night was the beginning of years of fear, anxiety, feelings of insanity. Gloria Hawker kept her hellish secret through numerous abductions by these extraterrestrials. Not until 1993 did she come to accept the existence of these extrerrestrial beings who share the universe with us. 1996 Gloria began to experience a different kind of abduction. The source of these new abductions came from within the United States Military and Government. Gloria's diary reveals the horror she experienced at the hands of her human abductors. Morning Glory is a saga of traumatic experience, the search for knowledge, and finally, acceptance of the non-human aliens who share existence with us. Its story will impact the reader in a way that will not soon be forgotten.
