Sourcebook on Tort Law 2/e (Sourcebook Series)

The purpose of this book is to provide a clear guide to tort law, examining the main principles and areas of the subject. It includes text emphasizing the main issues of liability. The text incorporates relevant materials, extracts from leading judgments, articles and reports of review bodies on tort law. It should prove especially useful for those who do not have access to a law library, as for those whose library is under severe pressure from users. It will be useful to those participating in seminars and tutorials and will enable them to take part in a good level of discussion.

This new edition of *Sourcebook on Torts* has been fully revised and incorporates the Human Rights Act 1998. The effect of the European Courts decision in *Osman* is now being felt, as is evident from the judgments of the House of Lords in *Barrett v Enfield BC*. The Law Commission's proposals on liability for psychiatric illness are included. Developments in the tort of nuisance, the defence of qualified privilege and damages are also scrutinized. Several Law Commission reports and the Social Security (Recovery of Benefits) Act 1997 are also extracted, as are other new pieces of legislation, such as the Damages Act 1996 and the Defamation Act 1996.
