The Maui Coast - Legacy of the Kings Highway

Daniel Sullivan

The Maui Coast - Legacy of the Kings Highway Daniel Sullivan

"The King's Trail" is a legend in stone. The remains of the original are obliterated in sections, the result of the ravages of time, overgrowth, and the heedless incursions of development, so the trail that is left has the truncated aspect of ancient statuary. Photographing its remnants, as Daniel Sullivan has done, preserves the continuity even in its present fragmented form, and for those of us who love the island of Maui, this book is an attempt to provide a protective ring -- a broken ring -- around a place we love. -W.S. Merwin, United States Poet Laureate In August of 2013, photographer Daniel Sullivan set out to find what was left of the Kings Highway. Carrying his camera equipment, a small solar panel and lots of water, he hiked, climbed and crawled along the coast, reaching the depths of the ancient kings highway. What he has photographed is a side of Maui and Hawaii never before seen-ancient stone temples crumbling in the jungle, hidden waterfalls, and a disappearing road. Everybody loves the island of Maui. It is one of the most popular tourist destinations in the world and the sheer fanaticism about the island is well documented. Yet, for all the magazine articles and television shows about it, there has never been a fine art photography book or exhibit, which captures the essence of the beauty, history and landscape of the island. The Maui Coast: Legacy of the Kings Highway aims to fill this and to inspire the viewer to not only appreciate the beauty of Maui, but also work toward preserving a piece of history. Not only has there never been a book written about the ancient kings highway, no one living actually knew the location of the road which lies hidden in jungles, across lava fields and along the coast. The only map in existence on the road is in a 19th century survey made by the Kingdom of Hawaii.

People who think that in reserve form make them feel sleepy even dizzy this publication is the answer. So there is absolutely no in reading a guide especially this one. You can find actually looking for. It should be here for a person. So, don't miss the idea! Just read this e-book variety for your better life in addition to knowledge.

Robert Ford:

As a student exactly feel bored to help reading. If their teacher asked them to go to the library as well as to make summary for some book, they are complained. Just small students that has reading's spirit or real their leisure activity. They just do what the educator want, like asked to the library. They go to generally there but nothing reading really. Any students feel that reading through is not important, boring and also can't see colorful pics on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this era, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country.

So , this The Maui Coast - Legacy of the Kings Highway can make you sense more interested to read.
