Education and Information Technology 2014: A Selection of AACE Award Papers is compiled of 22 award winning papers from AACE's conferences (http://AACE. org/conf). This year's selection includes papers from the annual conference of the Society for Information Technology & Teacher Education (SITE) in New Orleans (LA), World Conference on Educational Media & Technology (EdMedia) in Victoria (BC) and World Conference on E-Learning (E-Learn) in Las Vegas (NV). The decision to nominate a conference paper for an award was made by peer reviewers. All authors were honored during the conference and received a certificate that serves as testimony to their outstanding research and contribution to the conference. This AACE book groups the award winning papers into four parts. These four parts provide a timely overview and record of topics that are of primary interest in educational technology this year.
