The Field Robert Andrew Perez

The Field traces the I across a constellation of lyric psychodramas, where the voice navigates the daily traumas of embodiment and the force majeure of the out-of-body experience. At its center, this first collection from Robert Andrew Perez is a curation of the perils of love in an age of persistent angst, or the virtues of love from a persistently anxious mind. This I in crisis posits itself in a multitude of lyric containers, vibrating in the tension of terror and ecstasy's diametric vectors through the curses of memory, emotion and contemplation.
