## **JACK-IN-THE-BOX**

Jack Sutton has been on meds since third grade, when his mother came to his classroom and discovered his teacher had put him in a washing machine box.

Jack and his friends refer to the nurse's office, where they line up daily for their medications, as Club Meds. But Club Meds is no vacation spot -- it's what enables Jack and Mary, who have ADHD, and Sam, who suffers from epilepsy, to navigate the treacherous waters of Busby Memorial High School. So when major-league bully and Jack's longtime nemesis Chuck forces Jack to turn over his Ritalin, Jack is once again in a box, one that's far more frightening than a discarded packing carton.

The kids from Club Meds come to Jack's defense with a plan that's outrageous and dangerous, and a long shot at best. It will test their determination and their courage -- and it will change their lives forever.
