## **Rebuilding Civilization on the Bible: Proclaiming the Truth on 24 Controversial Issues Jay Grimstead**

Throughout history, false teachings threatening to corrupt the Church have forced leaders to join in councils, where they codified the orthodox teaching of the Bible into creeds received by the Church as faithful distillations of Scriptural truth and as a bulwark against future corruption. Error, heresy, and outright paganism are today common in churches that were once sound. Many “better” churches have little depth to their teaching and are silent on critical issues of the day, and in some churches paganism even masquerades as Christianity.

This book is the fruit of the work of hundreds of theologians and Christian leaders working throughout a 37-year period to define and defend the key Biblical points on 24 controversial issues?which would not even be controversial if all believed like Jesus and Paul in the inerrancy of the Bible.
