## **Fluids & Electrolytes Made Incredibly Easy! (Incredibly Easy! Series®) Lippincott**

Fluids & Electrolytes Made Incredibly Easy, Fifth Edition, uses a conversational writing style, clear language and unique visual and memory aids to break down complex concepts and make the fundamentals of fluids and electrolytes easy to understand and put into practice. Updated to include the most current infusion nursing standards of practice, the new edition is organized into four parts to provide comprehensive coverage of this challenging topic:

Fluid, electrolyte, and acid-base basics

Fluid and electrolyte imbalances

The importance and management of imbalances in major health problems

Treatments

Each chapter includes clear, simple explanations of health problems, definitions of key terms, illustrations that clearly explain key concepts, memory joggers, and bullets and checklists that make it easy to spot important points at a glance. Chapter summaries provide a quick review of all essential information, and special elements found throughout the text make it easy to remember key points. A revised blood product chart is included.
