Thomas Reifer

Globalization, Hegemony and Power: Antisystemic Movements and the Global System (Political Economy of the World-System Annuals) Thomas Reifer

This book explores the closely related dynamics of globalization, hegemony and resistance movements in the modern world. Complimented by dramatic explorations of the new trans-border resistance movements, from the contemporary labor movement to the resurgence of nationalism, this book moves beyond the traditional focus on cycles of rise and decline of great powers to assess the pressing questions at the intersection of contemporary globalizations and hegemonic rise, decline and resurgence of civilizations. Moreover, the book provides a compelling analysis of the role of contemporary globalization in the resurgence of Islamic activism across the globe and the challenges this poses for traditional theories of modernity and global social movements. Contributors: Immanuel Wallerstein, Joachim Rennstich, William Robinson, Jeffrey Kentor, Amy Holmes, Kathleen Schwartzman, Edna Bonacich, Terry Boswell, Paul M. Lubeck & Thomas Reifer, Lauren Langman & Douglas Morris.
