The Productive Academic Writer: An Easy-To-Read Guide to Low-Stress Prolific Writing Dr. Kasthurirangan Gopalakrishnan

“If you have had the intention to write something, but you have not been able to achieve your goal, The Productive Academic Writer will explain why you haven’t and what you can do to make your intentions a reality... The Productive Academic Writer is a motivation road towards writing. It offers the reader the possibility to detect their blocks as well as the different ways to overcome them. I am sure academic writing teachers and writers, in general, really appreciate being understood by another writer, Gopalakrishnan, who had the time to present our doubts and common stressful situations with answers to overcome all of them.”

- Dr. Beatriz Manrique, Department of Modern Languages, University of Zulia, Maracaibo, Venezuela

“The Productive Academic Writer is a timely help for me, a novice researcher who always struggles with the task academic writing and feels stressed out by it...For academics aspiring to improve their writing productivity, it is an “engaging and easy-to-read” book worth reading and remembering.”

- Dr. Weiqiang Wang, School of English for International Business, Guangdong University of Foreign Studies, China

“Kasturirangan Gopalakrishnan’s “The Productive Academic Writer” is an edifying, enlivening and enlightening book. Written in a reader-friendly style, its tenor and tone are ideally suited to address and accomplish its principal objective: arming its academic readership with the much needed courage, confidence and clarity to navigate the epistemic terrain, which is often fraught with untold anguishes and angst... Any discerning academic reader of the book will applaud its novelty and vibrancy and so will be delighted to add it to their “keepsake” collection. Switch on and read on then the Productive Academic Writer to become a prolific academic writer!”

-Dr. S. Sivasubramaniam, Department of Language Education, University of the Western Cape, South Africa

“There are plenty books on the market telling the would-be author (academic or otherwise) how to write with clarity and grammatical precision. There are fewer books dealing with the issue of how to get motivated to write in the first place. That's why "The Productive Academic Writer" is so useful, for it provides sound advice, which, if followed, is sure to make the would-be writer more disciplined and productive...Although this book is primarily written for people in academia (where one's job often depends on written productivity), anyone who writes a lot, whether as an avocation or a career, will benefit from its advice.”

-Dr. Doug Erlandson (Amazon Top 50 Reviewer), Adjunct Instructor of Philosophy, Southeast Community College, Lincoln, NE, USA

“The Productive Academic Writer: An Easy-To-Read Guide To Low-Stress Prolific Writing is a useful guide which addresses academic writing, an important issue of academics who are affected by a range of factors. In this book, Kasthurirangan Gopalakrishnan asserts that although productive writing is key to success, many people have different idiosyncrasies and blocks which prevent them from being academic writers. This book is very useful for people struggling to find out what affects their writing, and also offers solutions and systematically points out useful books which provide further info in each case... Overall, I found the book useful, with wide appeal, and I felt that it was very down to earth,

direct, and sympathetic while denouncing an unduly harsh approach to writing productivity.”
