Begin Again: Securing Your Fresh Financial Start With Consumer Bankruptcy Christopher Missick
Our nation has been brought to its knees financially. Everywhere, there is a sense that one financial calamity after another will unfold on the evening news. Individuals and families are increasingly being impacted by the recession, and for many, there is no hope in sight. For many, bankruptcy is the only solution to escape the debt cycle that is crushing their families, raising their stress, and leaving them hopeless. *Begin Again* examines and dispels the popular myths of bankruptcy, while taking the reader through a discussion of the bankruptcy options available to most consumers. This book is not a step-by-step guide, designed to walk you through the process of self-filing a bankruptcy petition. This book was meant to give you the tools to educate yourself on the subject of bankruptcy, and to choose an attorney with the confidence that you are making the right decision.
